How do UA Barcelona courses fit in your graduation plan?

Always keep in mind that every student is on a different path towards graduation! The best way to plan for studying abroad is to work with your academic advisor. It's also important to remember that course offerings vary each semester so even with careful planning ahead changes to your plan may need to be made. Fortunately, the Communication major offers a lot of flexibility, and you may have the opportunity to take courses for your minor or general electives while you are in Spain.
